**Your particular
strengths,
abilities,
experience and
Knowledge**

I have experience on different Boards, Trusts and Committees, along with leadership and management skills developed through my professional work. I understand Ngāti Te Whiti governance well, having served as Secretary and Treasurer for the Ngāti Te Whiti Hapū Society. I am organised, motivated and comfortable working with all kinds of people to achieve our goals.

**Your vision and
aspirations for
the Ngāti Te
Whiti Whenua
Tōpu Trust**

My vision for our Trust is to establish a marae that serves as our own cultural and communal heart - a place where Ngāti Te Whiti can gather, learn, support one another and strengthen our identity. I believe our marae will be a cornerstone of our community, fostering connection and allowing us to contribute meaningfully to our rohe. By building on the foundational work of former trustees, I believe my skills and knowledge can help to advance the development of our marae, creating a legacy we can proudly call our own

**Your
governance/
management
experience in
other
organisations**

I have had a variety of governance and management experience. I have held management roles in education for the past 10 years and have been the Secretary and Treasurer of the Ngāti Te Whiti Hapū Society. I am currently a trustee on the Palmerston North Māori Reserve Trust and Co-Chair of the Ngahuru Charitable Trust.
